25X Mike -

This afternoon I met with [redacted] of OJCS, [redacted] of O/Compt, and [redacted] regarding the new FAN structure for PPA in FY 1976. All signals are "go".

The name PPA will disappear from the finance system after FY 1975. It will now be known as MPA (Materiel Procurement Account).

The group is in agreement on the numbering system. The only remaining business is to determine what type of reports we want to get from the FRS system. I'll be working on this during the next few days in conjunction with Supply Division and PPS. I suggest that in this connection OL will also want to develop simultaneously compatible reporting requirements on ICS for MPA control.
